1.0 Introduction

- 1.1 This report provides information on the monetary (and non-monetary) contributions sought and received from developers for the provision of infrastructure to support development in Broxtowe, and the subsequent use of those contributions by Broxtowe Borough Council. The report covers the financial year 1 April 2022 – 31 March 2023.
- 1.2 Broxtowe does not have a Community Infrastructure Levy and therefore seeks developer contributions through Section 106 agreements (also known as “planning obligations”). As part of the planning process Section 278 agreements are also entered into with developers and Nottinghamshire County Council to secure highway improvements. However, these are not included within this Infrastructure Funding Statement (IFS).

Planning Obligations

- 1.3 Section 106 of the Town and Country Planning Act 1990 enables a local planning authority to enter into a negotiated agreement – a planning obligation - to mitigate the impact of a specific development, to make it acceptable in planning terms. The planning obligation might, for example, require the provision or contribution to a new or improved road, school, health facility or local green infrastructure. Local Planning Authorities can also seek planning obligations to secure a proportion of affordable housing from residential developments. In some instances, section 106 planning obligations may require payments to be made to parish councils.

2.0 Section 106 (planning obligations) report

2.1 The Council's policy in respect of developer contributions are set out in Policy 19 of the Broxtowe Aligned Core Strategy (2014) and Policy 32 of the Broxtowe Part 2 Local Plan (2019).

2.2 Policy 19 of the Broxtowe Aligned Core Strategy (2014) states:

1. All development will be expected to:

- a) **meet the reasonable cost of new infrastructure required as a consequence of the proposal;**
- b) **where appropriate, contribute to the delivery of necessary infrastructure to enable the cumulative impacts of developments to be managed, including identified transport infrastructure requirements; and**
- c) **provide for the future maintenance of facilities provided as a result of the development.**

2. The Councils intend to introduce Community Infrastructure Levies to secure infrastructure that has been identified as necessary to support new development and to achieve Core Strategies objectives.

3. Prior to the implementation of a Community Infrastructure Levy, planning obligations will be sought to secure all new infrastructure necessary to support new development.

2.3 Policy 32 of the Broxtowe Part 2 Local Plan (2019) states:

1. Financial contributions may be sought from developments of 10 or more dwellings or 1,000 square metres or more gross floorspace for provision, improvement or maintenance, where relevant, of;

- a) **Affordable housing;**
- b) **Health;**
- c) **Community facilities;**
- d) **Green Infrastructure Assets;**
- e) **Biodiversity;**
- f) **Education;**
- g) **Highways, including sustainable transport measures;**
- h) **Cycling, footpaths and public transport;**
- i) **The historic environment, heritage assets and/or their setting; and**
- j) **Flood mitigation measures, including SuDS.**

2. On-site provision of new playing pitches may be required for developments of 50 dwellings or more.

- 2.4 In some instances certain developments may be unviable and in such cases it may be possible for S106 contributions to be negotiated. In such instances a Viability Assessment will be required to demonstrate why the scheme is unviable, and it will be usual practice for the Council to have this assessment independently reviewed at the cost of the applicant.
- 2.5 Nottinghamshire County Council are the Highways Authority and Education Authority for Broxtowe Borough Council. The County Council is therefore responsible for identifying required contributions in respect of primary and secondary education, and highways improvements, including improvements to the bus network. It is usual practice for S106 contributions requested by the County Council to be paid directly to the County Council by the developer.

3.3 Section 106 infrastructure expenditure⁶ in 2022/2023

3.3.1 Planning obligations spent on specific infrastructure projects in 2022/23:

Infrastructure Project/Type	Planning Obligation receipts spent
Beeston Tram Interchange (Public Conveniences)	£118,190.00
Sun Inn Traffic Management Upgrade	£20,000.00
Kimberley Footpath Improvements	£5,891.00
Greasley Footpath Improvements	£29,000.00
Kimberley Bus Stop Improvements	£7,100.00

3.3.2 The Council is required to report on the total amount of money, received through planning obligations (whenever agreed and money received), spent in 2022/23 on repaying money borrowed, including any interest. The Council reports that it does not use any money from planning obligations received to repay borrowing costs.

3.3.3 The Council is required to report on the total amount of money, received through planning obligations (whenever agreed and money received), spent in 2022/23 on monitoring in relation to the delivery of planning obligations. The Council reports that it does not use any money from planning obligations received to cover monitoring costs.

3.3.4 The Community Infrastructure Levy (Amendment)(England)(No.2) Regulations 2019 allows Local Authorities to charge a monitoring fee through section 106 planning obligations, to cover the cost of the monitoring and reporting on delivery of that section 106 obligation as described above. Monitoring fees can be used to monitor and report on any type of planning obligation, for the lifetime of that obligation. However, monitoring fees should not be sought retrospectively for historic agreements.

3.3.5 The Council's monitoring fees currently use a fixed 5% of financial contributions capped at £5,000. Monitoring fees can be reviewed, however in all cases, monitoring fees must be proportionate and reasonable and reflect the actual cost of monitoring. This will be reviewed in due course.

⁶ Reporting authorities should report sums transferred to external organisations in this section (as such sums are regarded as "spent" in the regulations) and can add details of the infrastructure provided in regard to such transfers of money, where the sums have subsequently been spent.

3.4 Section 106 receipts retained (allocated⁷ and unallocated)

3.4.1 The total amount of money, received through planning obligations prior to 2022/23, *which had not been allocated* (to an infrastructure project or item) by the end of 2022/23:

£137,500.00

3.4.2 The total amount of money, received under any planning obligation in any year, *which had been allocated* (to an infrastructure project or type) for spending by the end of 2022/23 but which had not been spent:

£0

3.4.3 Infrastructure projects or items to which receipts from planning obligations, whenever collected including 2022/23, have been allocated (but not spent) and the amount allocated to each item:

Allocated receipts from Planning Obligations

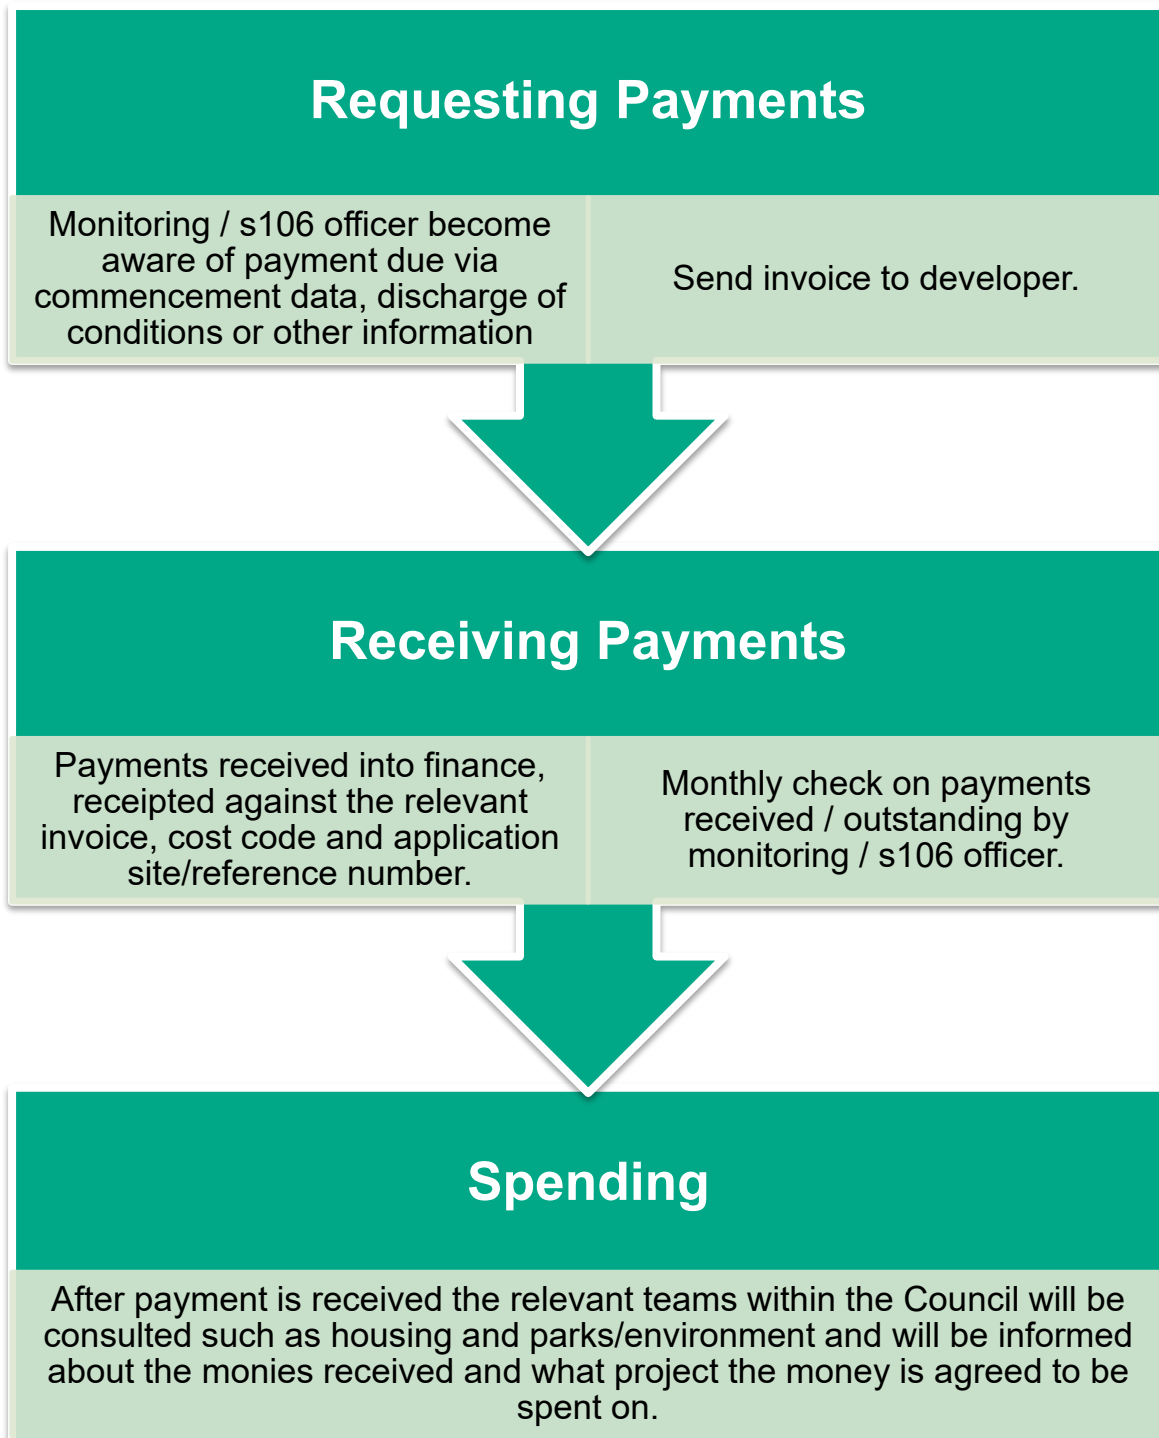

Infrastructure Project/Type	Planning Obligation receipts allocated
N/A	

3.4.4 The Councils finance team and relevant officers from the planning team have worked together to analyse all relevant S106 transactions from recent past years relating to the Councils Integrated Transport (ITPS) balance to make sure this assessment was robust and the position presented was factual and reflected the actual position as of 31st March 2023.

⁷ 'Allocated' means section 106 sums retained by the reporting authority which have, or knowingly will be, passed to an internal team to fund a specific infrastructure project or infrastructure type. 'Allocated' also includes sums which will knowingly be passed to an external organisation but which are yet to be passed.

3.5 Section 106 Monitoring Process

FLOW CHART

ANNEX A: The Regulatory Requirements for Infrastructure Funding Statements

The Community Infrastructure Levy (Amendment) (England) (No.2) Regulations 2019

Regulation 121A states:

(1) Subject to paragraph (2), no later than 31st December in each calendar year a contribution receiving authority must publish a document (“the annual infrastructure funding statement”) which comprises the following—

(a) a statement of the infrastructure projects or types of infrastructure which the charging authority intends will be, or may be, wholly or partly funded by CIL (other than CIL to which regulation 59E or 59F applies) (“the infrastructure list”);

(b) a report about CIL, in relation to the previous financial year (“the reported year”), which includes the matters specified in paragraph 1 of Schedule 2 (“CIL report”);

(c) a report about planning obligations, in relation to the reported year, which includes the matters specified in paragraph 3 of Schedule 2 and may include the matters specified in paragraph 4 of that Schedule (“section 106 report”).

(2) The first annual infrastructure funding statement must be published by 31st December 2020.

(3) A contribution receiving authority must publish each annual infrastructure funding statement on its website.
