Broxtowe Borough Council UK Shared Prosperity Fund 2025/26 Grant Guidance Document

Grants of between £5k - £40k to support community projects

UK Shared Prosperity Fund

The UK Shared Prosperity Fund (UKSPF) provides funding for local investment until March 2026. Government's ambition is that UKSPF is used to support initiatives which will kickstart economic growth, make Britain a clean energy superpower and break down barriers to opportunity.

The Council has allocated an amount of UKSPF to support projects aligned with government's priorities and the Council's corporate priorities. UKSPF funding can support capital and revenue projects.

Preferred locations for capital projects

Applications are welcomed from community groups and organisations to deliver projects in localities across Broxtowe. For capital projects, the Council will favour applications for projects delivered in locations other than Kimberley and Stapleford, as these towns are already benefitting from substantial capital investment, through the Kimberley Means Business Fund and the Stapleford Town Deal.

The Kimberley and Stapleford capital investment areas are illustrated in Appendix 1.
